Introduction to Catch-up Readers

Decodable, synthetic phonic reading books for older readers

Interest Age 8 to 14 Reading Age KS1, KS2, KS3

The purpose of these series of books is to fill in the missing gaps in phonic skills and knowledge that prevent pupils from making progress and becoming fluent readers.

They are designed to appeal to older pupils who may have already experienced reading failure. Many of these pupils experience loss of confidence and low self-esteem.

Special features have been included to engage but also to facilitate access to text and develop confident, independent reading strategies:

- ✓ Age-appropriate illustrations and story lines that engage and encourage the pupil to read on
- ✓ Reading practice page which prepares the pupil for reading the text
- ✓ Vocabulary page to develop receptive and expressive language
- ✓ Multi-syllabic words split on each page
- ✓ Reader-friendly layout

Catch-up Reader Workbooks

The workbooks are integral to the reading scheme as they include teaching and practice activities to support the learner.

Some activities precede reading the books such as blending, segmenting and phoneme manipulation.

Other exercises are directly linked to the reading books and are designed to develop reading fluency, comprehension, spelling, writing and vocabulary.
